Sept 8 | Regular Council

Sept 15 | Standing Committee

Sept 22 | Regular Council

Council Chambers | Level 2
Civic Cultural Centre | 5018 Waghorn Street

Item Spotlight

Development Officer's Week

Strategic Plan Initiatives - Quarterly Update

Disc Golf Course in McKay Ranch

Council Advocacy Topics

Development Officer's Week

Council unanimously approved the proclaiming of Alberta Development Officer's Week from September 14 - 18. There are two Development Officers in the Town of Blackfalds who will be recognized on social media and various communication methods.

Strategic Plan Initiatives - Quarterly Update

Administration presented an update on ongoing and completed Strategic Plan initiatives following Council's approval of the plan in April 2026. Projects highlighted in the update include infrastructure development, bylaw updates, and technology additions. To promote transparency and keep residents informed about Town projects, Administration will provide quarterly progress updates to Council. The presentation was accepted as information.

Disc Golf Course at McKay Ranch

Council approved the immediate installation of a five-hole Disc Golf Course in the McKay Ranch park space.

The proposed installation of the course will be completed in two phases with 5 holes being installed in the developed park in the near future and the remaining 4 holes being installed once development of McKay Ranch has been completed. Completion of the disc golf course is to be determined.

Council Advocacy Topics

Council has approved its advocacy priority topics and assigned Council members to champion each issue. The priorities were identified through one-on-one meetings between Council members and Mayor Laura Svab and will guide advocacy efforts with the Government of Alberta and the Government of Canada. Priority areas include municipal grant funding, seniors and affordable housing, Highway 2A improvements, healthcare services, and tourism support.
